

Graduate Assistantship Positions

2025-2026

MASTER OF BUSINESS ADMINISTRATION

Clinical Placement Coordinator for Chatham's Physician Assistant Program

This Graduate Assistant will serve as a point of contact for preceptors and students of Chatham's Physician Assistant Studies program. The assistant will help with coordination of placements for PA students; assist with the creation of professional development opportunities for PA students, including educational seminars and mentorship programs; and maintain an inventory of program-wide reports and data.

Graduate Assistant: Business & Enterprise

This Graduate Assistant will work with the department to assist with assorted projects, including social media management, marketing management, event planning, data entry, and faculty research support.

Graduate Assistant: EcoSteward Program

This Graduate Assistant will coordinate the University's EcoSteward program to promote sustainable living. The individual will serve as a peer educator on environmental and sustainability topics and provide administrative and logistical support for the program.
