chatham

UNIVERSITY

PITTSBURGH, PENNSYLVANIA

**Chatham is a stunning park-like
in the middle of Pittsburgh.**

setting

An aerial photograph of a large, multi-story brick building with a dark roof, situated on a hillside. The building features several large windows and a prominent entrance. The surrounding area is lush with green trees and a well-maintained lawn. A paved path winds through the foreground. In the background, more trees and a residential-style house are visible.

Shadyside Campus is a 32-acre arboretum set in the middle of one of America's most livable cities and great college towns (75,000 college students call Pittsburgh home).

It's so green
and leafy, you'd
never guess
Chatham
is only:

FOUR BLOCKS to trendy Walnut Street's
stores and restaurants

TWO MILES to the University of Pittsburgh,
Carnegie Mellon University, and the Carnegie
Museums of Art and Natural History

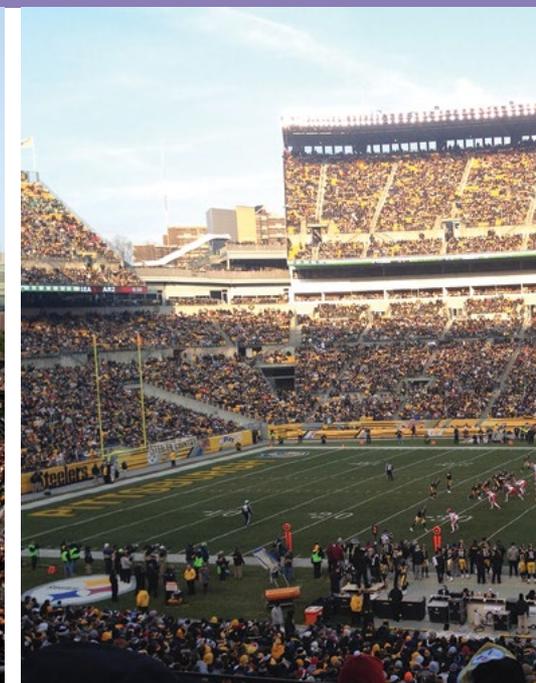

FIVE MILES to river kayaking
and riverside trails

SIX MILES to
PNC Park (Go Pirates!)

SEVEN MILES to Heinz Field
(Go Steelers!)

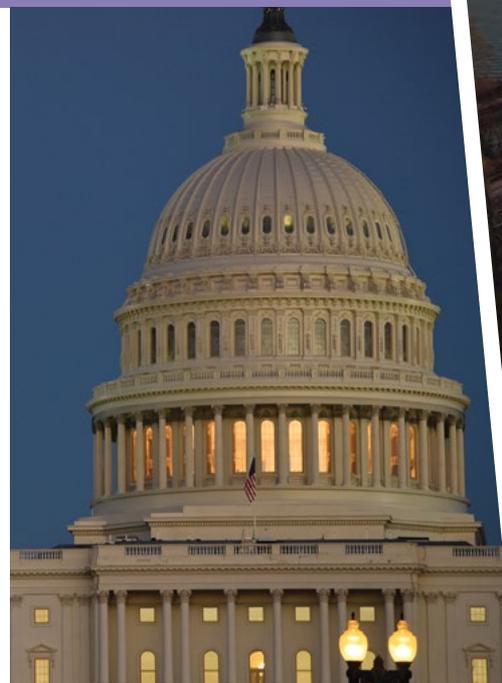

FIVE MILES to Pittsburgh's Cultural District, with over 90 shops, 50 dining establishments, seven world-class theaters, eight public parks and art installations, and a dozen art galleries

ONE HOUR to
Seven Springs Resort

FOUR HOURS to
Washington, DC

Master of Interior Architecture

Master of Science in Interior Architecture

Master of Fine Arts in Creative Writing

Master of Fine Arts in Film & Digital Technology

Master of Arts in Interdisciplinary Design

Master of Arts in Teaching

Master of Education in Special Education

We help you save time and money.

College is an investment. That's why in addition to our ample scholarship packages, we've developed ways to help you and your family streamline your investment without shortchanging your education.

Credit Where Credit is Due

Did you earn college credits in high school or at another institution? Chatham's generous credit transfer policies helped over 1/3 of our recent incoming class transfer in an average of nine college credits through College in High School, dual enrollment, and/or AP and IB transfer of credit.

In addition, Chatham's streamlined general education requirements make it easy to stay on track to graduate while pursuing a double major, switching majors, or developing a second area of expertise with a minor or an interdisciplinary major.

Integrated Degree Programs (IDP)

Qualified students pursuing an Integrated Degree Program:

- Are guaranteed admission to their graduate program upon admittance as an undergraduate
- Take graduate classes during their senior year
- Can earn bachelor's and master's degrees in as few as five years

Three-year Degrees, Innovative Partnerships

Here's just a sample:

- Our three-year **Bachelor of Interior Architecture** degree includes the courses you need without summer study—freeing you up for internships, travel, or job preparation.
- Through our **Pathways to Nursing partnership with UPMC-affiliate Shadyside School of Nursing**, students can earn their nursing diploma after three years, then finish by taking online classes for one year while they practice as a nurse—and graduate with their Bachelor of Science in Nursing.
- We also have **collaborative partnerships** with Lake Erie College of Osteopathic Medicine, Duquesne University College of Law, Stetson University College of Law, and Carnegie Mellon University. Visit chatham.edu/idp to learn more.

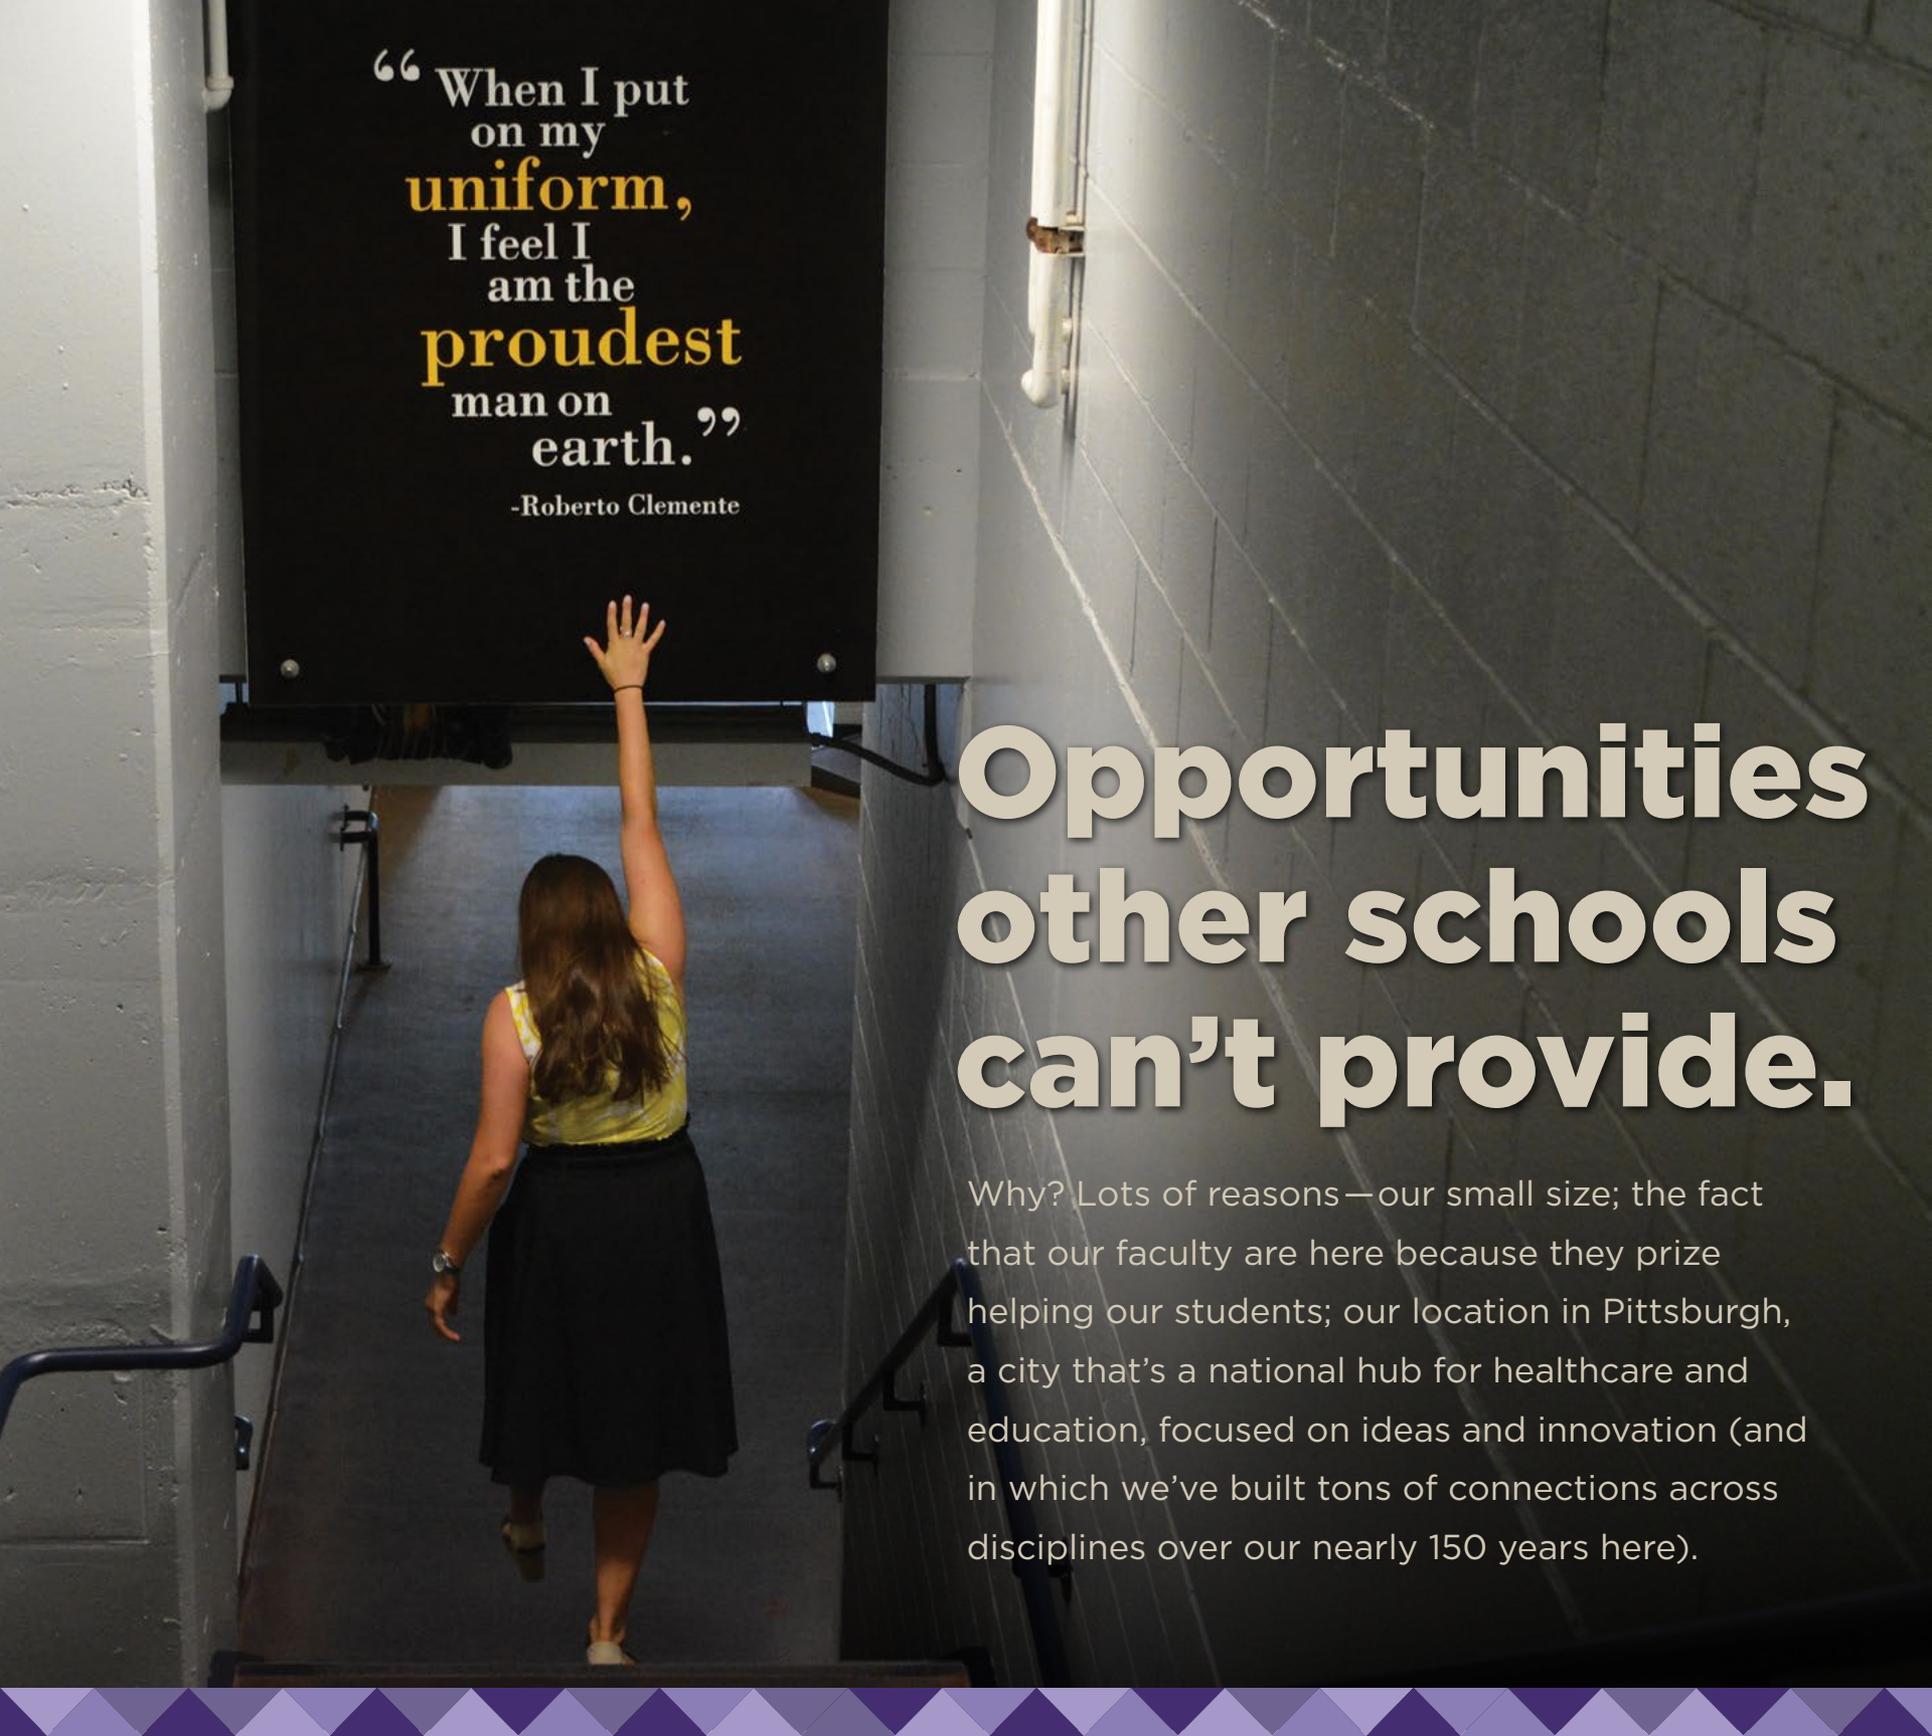

WE MAKE TRANSFERRING EASY

For students looking to transfer from a community college, Chatham offers transfer agreements that support seamless transfer from your associate's degree to completion of your bachelor's degree. 2+2 and 3+1 articulation agreements are offered in an array of programs and help save you money and ensure you graduate on time.

FINANCIAL AID

In addition, Chatham provides nearly **\$10 million** in merit and need-based aid to students each year helping to make a top-notch Chatham education more affordable than you may think. *Turn to page 21 to learn more.*

A woman with long brown hair, wearing a yellow sleeveless top and a black skirt, is walking up a staircase. She is reaching up with her right hand towards a quote on the wall. The quote is in white and yellow text. The background is a dark, textured wall.

“When I put
on my
uniform,
I feel I
am the
proudest
man on
earth.”

-Roberto Clemente

Opportunities other schools can't provide.

Why? Lots of reasons—our small size; the fact that our faculty are here because they prize helping our students; our location in Pittsburgh, a city that's a national hub for healthcare and education, focused on ideas and innovation (and in which we've built tons of connections across disciplines over our nearly 150 years here).

“I realized my education was surprisingly better than my friends’. In my second year, I was doing internships, research, and other experiences. They were all just sitting in the classroom.”

— Emily Simons '18, Bachelor of Policy Studies

We'll push you farther (and be

*"The research that I'm doing is going to contribute to a comprehensive picture of what Japanese barberry is doing to our forests and give me **valuable job skills** to keep up with the industry's demands."*

— **Trey Turnblacer '18**

Visit youtube.com/chathamu to learn more about Trey's experience at Eden Hall Campus.

*"I knew I was going to write a business plan for Bottle Thread, my sustainable fashion company anyway, but having the opportunity to do it as my **Senior Capstone project** under the guidance of a professor meant that I was able to focus more on how to make the company as sustainable as possible."*

— **Allie Frownfelter '17**

Visit chatham.edu/views to read a blog story about Allie's sustainable fashion business.

there every step of the way).

*“The program director said the fact that I was awarded the fellowship speaks volumes about the **experience I’ve gained as an undergraduate**, since a lot of graduate and doctoral students also apply.”*

— **Christina Austin '17**

On being awarded the Gina M. Finzi Memorial Student Summer Fellowship, which funds students to conduct medical research under the guidance of a mentor.

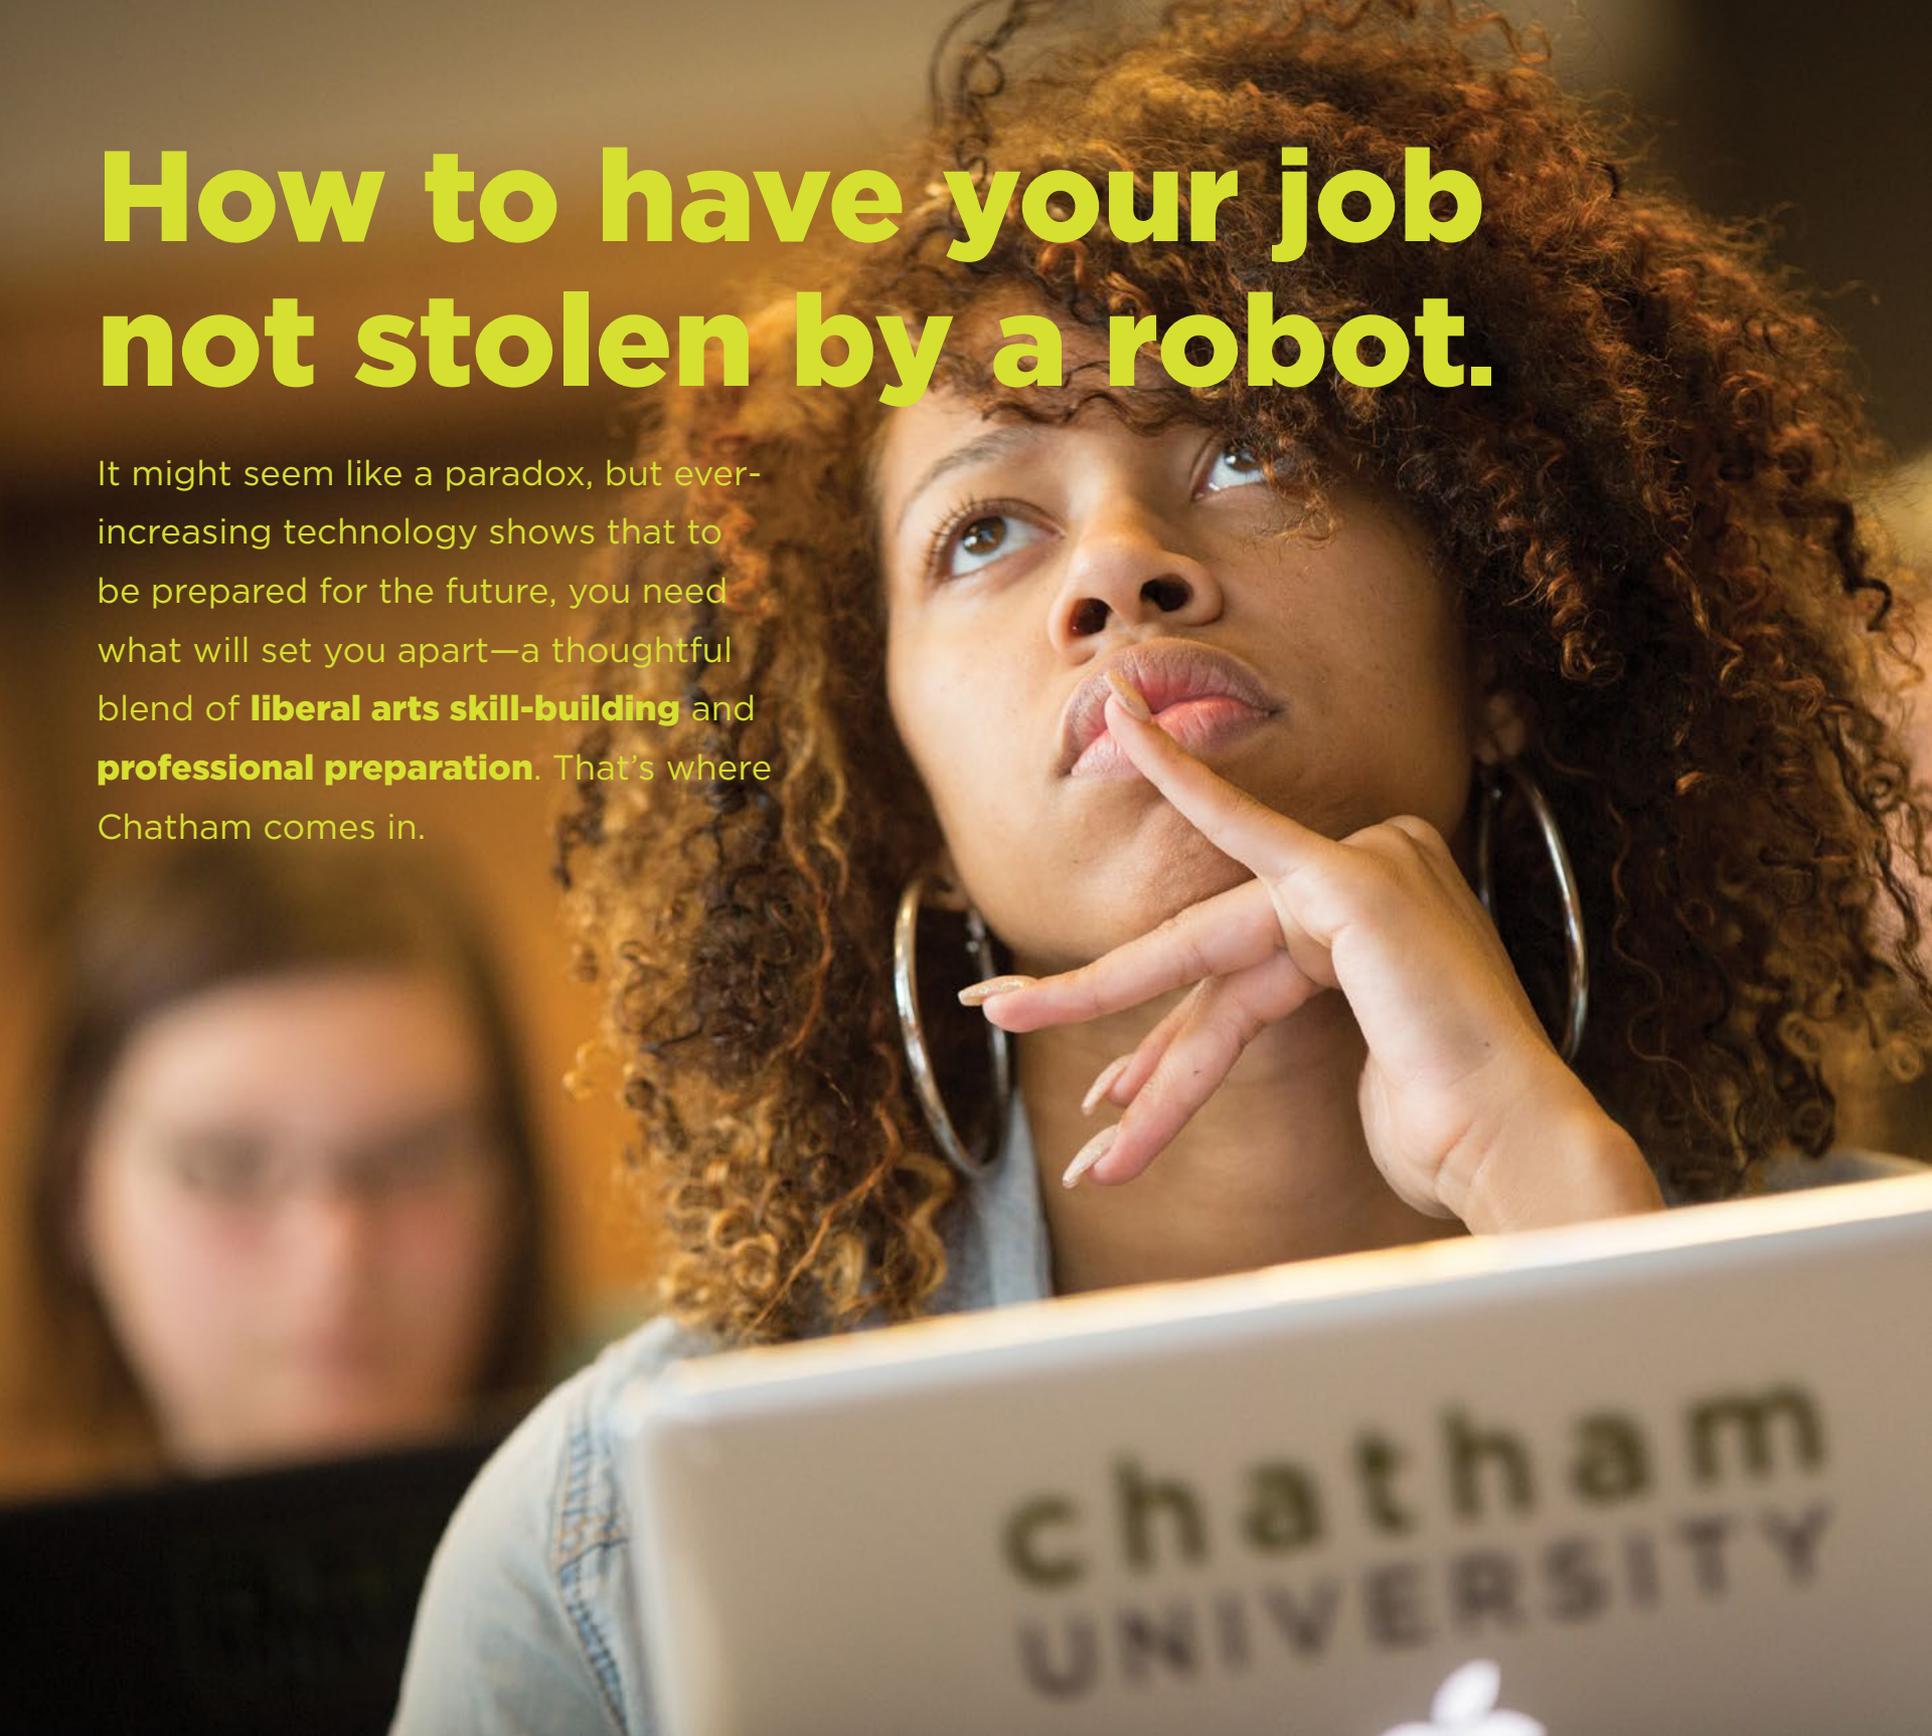

*“I switched the first-year Chatham Scholar’s science course to focus on scientific literacy—how to recognize bad data, and how bad science gets used to bolster arguments, on purpose or accidentally. Students choose a debate in the news, assess the arguments, and present their conclusions in a video presentation. I want them to feel like they could be on TV, presenting information. A bit of **empowerment is the idea.**”*

— **David Fraser, Ph.D.,**
assistant professor
of biology

How to have your job not stolen by a robot.

It might seem like a paradox, but ever-increasing technology shows that to be prepared for the future, you need what will set you apart—a thoughtful blend of **liberal arts skill-building** and **professional preparation**. That's where Chatham comes in.

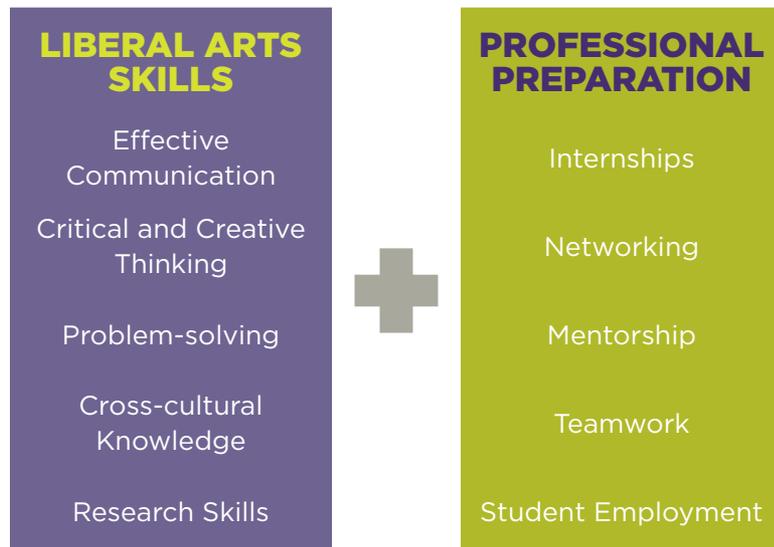

chatham
UNIVERSITY

Employers tell us repeatedly that what they're looking for—and having a hard time finding—are candidates with skills like **teamwork, problem-solving, creative thinking, communication, and leadership**. Why? Because they have been under-emphasized in higher education.

Not at Chatham.

We weave these values into coursework, into extracurricular activities, into advising sessions, and into campus life as a whole. We help you connect to opportunities at Chatham and in the broader community where you can not only develop these skills, but gain tangible evidence of how you've used them to improve yourself and your world. That's what sets you apart.

THAT'S THE CHATHAM DIFFERENCE.

The Chatham Plan

The Chatham Plan reflects a promise that Chatham makes to its students—to prepare you for a fulfilling life. It's a 5-step approach to infusing your whole time at Chatham with everything you need to launch your career.

STEPS 1 & 2: ASSESSMENT AND GOALS

Beginning your first year, we help you launch your “My Chatham Plan” and identify what strengths and skills come naturally to you, which might be good to work on, and how these can help get you to where you want to go.

STEP 3: PROFESSIONAL PREPARATION

You will participate in courses and advising that will introduce you to careers and provide you with the know-how to make a great first impression that just gets better.

STEP 4: INTERNSHIPS

The supervised internship reinforces your skills outside the classroom, and helps you figure out the kinds of roles and environments that are right for you, all the while building your resumé with real world skills.

STEP 5: THE GRADUATION CHECKLIST

The graduation checklist guarantees that no matter what your major is, by the time you graduate, you'll have completed a capstone experience, developed top-notch writing skills relevant to your field of study, and explored educational technologies that'll help you stay on top of your game throughout your career.

Learn more at chatham.edu/chathamplan.

We love internships as much as

Internships are key to developing experience and perspective, and to learning about the types of environments that are a good fit for you. They can also open a lot of doors. Throughout your internship(s) at Chatham, close communication between you, your advisor, and an internship supervisor ensures that your on-site and in-classroom learning continue to build upon each other. A few places where Chatham students have landed internships:

- Air China
- Allegheny County Office of Sustainability
- American Civil Liberties Union Foundation (ACLU)
- Animal Rescue League and Wildlife Center
- Bike Pittsburgh
- Carnegie Museum of Art
- Carnegie Science Center
- CBS Radio
- Children, Youth, and Family Services
- Children's Hospital of Pittsburgh
- Department of City Planning
- First National Bank
- Immigrant Service & Connections Program
- Inklings Literary Agency
- Jordan River Foundation
- Ketchum Inc.
- Magee Womancare International
- Mount Washington Community Development Corporation

“When I was applying for internships my first year, Career Development helped me tailor my resume to art galleries. Then when I was applying to marketing internships, it was also international, so they worked with me to tailor it to what Europeans want to see in a student resume. And it worked —this summer, I’m doing a marketing internship in Dublin.”

— Kelly O’Donnell '19

**Our outcomes speak
for themselves.**

94% of 2016 graduates were employed or enrolled/seeking graduate school six months after graduation.

The Chatham University graduate outcomes survey is conducted in accordance with Best Practices outlined by the National Association of Colleges and Employers. The Margin of Error for 2016 graduates is +/- 5%.

*“When I went to medical schools to interview, interviewers often said that mine was the **most impressive letter of recommendation** they’ve ever read, because my professors know me personally. I don’t think that would have been possible without relationships like I’ve gotten at Chatham.”*

— **Maggie McGovney '17**

Visit youtube.com/chatham to learn more about Maggie and the connections she made at Chatham that prepared her to be admitted to and enroll in the University of Michigan Medical School.

Our 2016 graduates have received job offers from employers including

- UPMC
- Allegheny Health Network
- Chatham University
- UPMC Shadyside Hospital
- Cauhaus Design
- Children’s Hospital of Pittsburgh

...and gone on to further their education at institutions including:

- Bryn Mawr College
- Carnegie Mellon University
- Duquesne University
- George Washington University
- Miami Law School
- Notre Dame University
- Simmons College
- University of Pittsburgh
- University of St. Andrews

What you see isn't always what you pay

Did you know that studies have shown that bachelor's degree holders can earn nearly 85% more over a lifetime than those with just a high school diploma?¹ Without a doubt, it's one of the most important investments you can make. That's why Chatham is committed to making Chatham affordable with scholarships and grants while also helping students and their families be informed about their costs and financial aid.

¹<https://cew.georgetown.edu/cew-reports/the-college-payoff/>

Understanding Financial Aid

Below is an example of some of the most common elements that can make up a student's financial aid package. Each student's package is based on a variety of factors including, but not limited to: academic performance, financial need, and family income.

SCHOLARSHIPS

Chatham Merit Scholarship \$10,000-16,000
Other Chatham Scholarships Varies

GRANTS

Chatham Grant Varies
Federal Pell Grant \$500-5,920
Federal SEOG Grant \$1,500
Pennsylvania State Grant \$500-4,138

STUDENT EMPLOYMENT

Work-Study or Campus Job \$2,200

LOANS

Federal Direct Subsidized Loan up to \$3,500
Federal Direct Unsubsidized Loan up to \$2,000

Note: Not all students will qualify for everything listed above depending on their academic background and financial situation.

DETERMINING YOUR COSTS

Estimated Tuition, Fees, Room & Board Costs

— Your Scholarships, Grants, and Work Study*

= Your Reduced Cost

— Your Loans

= Out-of-Pocket Costs (if applicable)

*Not all students are eligible for work study.

FINANCIAL AID GLOSSARY*

Cost of Attendance (COA): The total amount it will cost you to go to school—usually stated as a yearly figure. COA includes tuition and fees; room and board (or a housing and food allowance); and allowances for books, supplies, transportation, loan fees, and dependent care.

Expected Family Contribution (EFC): This is a measure of your family's financial strength and is calculated according to a formula established by law. Your family's income and assets are all considered. Your EFC is not the amount of money your family will have to pay for college nor is it the amount of federal student aid you will receive. It is a number used by your school to calculate the amount of federal student aid you are eligible to receive.

FAFSA: Free Application for Federal Student Aid, available at fafsa.ed.gov.

Federal Pell Grant: A federal grant for undergraduate students with financial need. Grants are gift aid that do not need to be paid back.

Federal Student Aid: Financial aid from the federal government to help you pay for education expenses at an eligible college or career school. Grants, loans and work-study are types of federal student aid. You must complete the FAFSA to apply for this aid.

Financial Aid Package: The total amount of financial aid (federal and nonfederal) a student is offered by a college or career school. The school's financial aid staff combines various forms of aid into a "package" to help meet a student's education costs.

Financial Need: The difference between the cost of attendance (COA) and your Expected Family Contribution (EFC).

Loans (Federal Student and Private): Loans are borrowed money that must be repaid with interest. Federal student loans are funded by the federal government. Private loans are made by a lender such as a bank, credit union, state agency, or school.

Net Price: An estimate of the actual cost that a student and his family need to pay in a given year. Net price is determined by taking the cost of attendance and subtracting any grants and scholarships for which the student may be eligible. Find Chatham's Net Price Calculator at chatham.edu/calculator.

Scholarships: Scholarships are gift aid for academic or other achievements. They may or may not be renewable, and if so, may require that you meet certain requirements to keep them.

Work-Study: A federal student aid program that provides part-time employment while you are enrolled in school to help pay your education expenses.

Healthy in mind and body.

Athletic and Fitness Center

Built in 2004 for the use of all students, the Athletic and Fitness Center is an advanced four-level athletic facility.

On the lower level is an eight-lane competition swimming pool, whirlpool/sauna/steam room, locker rooms, squash courts, and rock-climbing wall. The athletic training room contains a hydrotherapy room and complete line of rehabilitation equipment for student-athletes. The first floor includes a fitness room (fully renovated in August 2017) containing treadmills, elliptical machines, bikes, free weights, and circuit strength machines; a smart classroom; and a dance and aerobics studio that is a multi-function space housing yoga, martial arts, aerobic classes, and dance courses. On the second floor, the gymnasium seats 600 spectators for athletic events and up to 1,000 for other events. The third level offers a three-lane walking track and a concession stand for use during games.

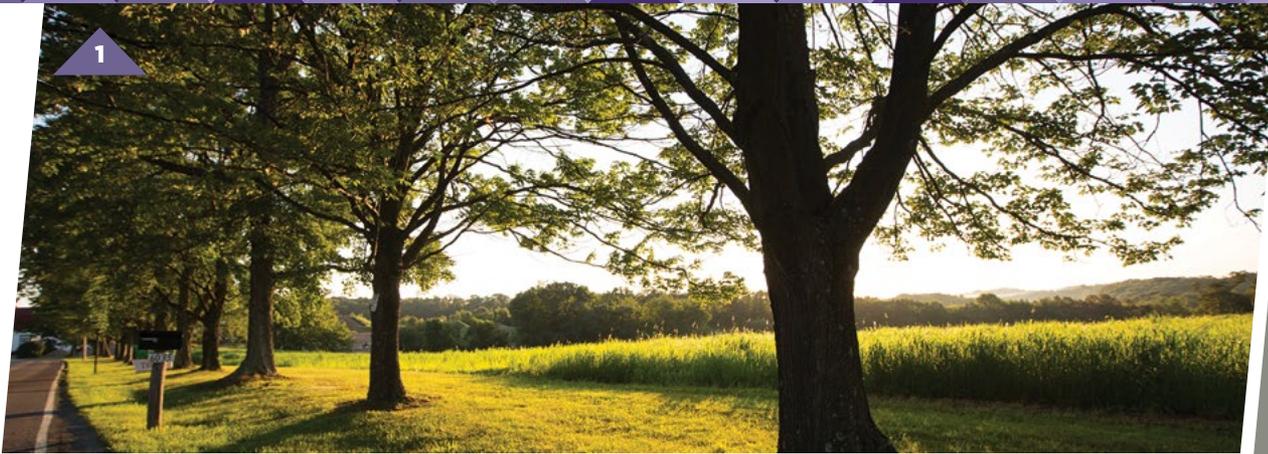

The Athletic and Fitness Center is home to Chatham's volleyball, basketball, and swimming & diving teams.

DID YOU KNOW?

The Athletic and Fitness Center offers fitness classes, off-campus outdoor recreation activities, and intramural sports for all students.

1

ATHLETIC TEAM VENUES

1. Chatham's cross country team hosts home meets at Eden Hall Campus.

2

2. The soccer team primarily plays within walking distance of Shadyside Campus at The Ellis School Field, with some home games played at Highmark Stadium.

3

3. The baseball and softball teams practice and play home games at newly renovated West Field, located about 15 minutes from Shadyside Campus.

4

4. Alpha Ice Complex, located in Harmar about 20 minutes from Shadyside Campus, is home to Chatham's women's hockey team.

5

5. Frozen Pond Arena is the home rink of the men's hockey team. The rink is located minutes from Eden Hall Campus and approximately 30-40 minutes from Shadyside Campus.

6

6. Men's and women's lacrosse teams will play at Highmark Stadium in Station Square on the South Side.

#IVOLUNTEERBECAUSE

Our mission

Chatham University prepares its students to build lives of purpose, value, and fulfilling work. Through professional skill development and liberal arts learning, Chatham prepares its graduates to be informed and engaged citizens in their communities; to recognize and respect diversity of culture, identity, and opinion; and to live sustainably.

Informed & engaged citizens

- From scheduled community service activities to a campus-wide Community Service Day and from Relay for Life to the Empty Bowls Hunger Banquet, Chatham makes it easy for students, faculty, and staff to give back to the community.
- The Pennsylvania Center for Women and Politics at Chatham University is a community resource that promotes political awareness and empowers women to participate in political processes.

Diversity of identity & opinion

- Launched in 2015, the Women's Institute continues Chatham's 145-year commitment to advancing women's leadership and gender equity.
- Our award-winning Global Focus program brings the history and culture of a select area of the globe to the University each year through speakers, films, and events.
- We host a series of Diversity Dialogues, aimed at encouraging understanding and respect among students, and our Diversity and Inclusion Council works to provide a supportive and affirming environment for all students.

Sustainable living & learning

- Alma mater of environmental pioneer Rachel Carson '29, Chatham's leadership of sustainability efforts—from the groundbreaking Eden Hall Campus to composting waste in our dining halls—has been recognized by international and national awards (turn the page to learn more).
- The Falk School of Sustainability & Environment hosts speakers and events open to the entire Chatham community.

**We're proud to be
recognized for our
achievements.**

**PRESIDENT DAVID FINEGOLD
WITH STUDENTS AND STAFF**

Select awards and accolades include:

Chatham is consistently ranked each year as a **best college** by *U.S. News & World Report* in the “Regional Universities–North” category.

In 2016, Chatham was named a College of Distinction, which recognizes schools that consistently do a **great job keeping students engaged** – and preparing them for long, rewarding careers in fields for which they have a passion, while limiting the debt they have at the onset.

Chatham is **one of the top five universities in the world for sustainability** as measured by the Association for the Advancement of Sustainability in Higher Education’s Sustainability Tracking, Assessment & Rating System™ (STARS®).

In 2016, Chatham was selected as one of only 21 universities for the *Princeton Review’s* Green Honor Roll, which recognizes the **most environmentally responsible colleges across the United States**. Chatham earned a perfect Green Rating score—99 out of 99.

Chatham has been admitted over multiple years to the President’s Higher Education Community Service Honor Roll for engaging its students, faculty, and staff in **meaningful service that achieves measurable results in the community**.

Chatham is one of only three universities in Pittsburgh to have a **Phi Beta Kappa chapter**, the most prestigious national undergraduate honors society.

Chatham was the first university in Pennsylvania to be recognized by the League of American Bicyclists as a **Bike Friendly University**.
